RE: **MCCSS New Guidance - Visitors**

The Ministry of Children, Community and Social Services (MCCSS) has issued a new guidance document outlining MCCSS requirements for funded and licensed congregate settings within the context of Ontario's Roadmap to Reopen.

Included in this new guidance are changes to "Visitors to congregate living settings". To ensure we are in compliance with these changes, we are actively putting the appropriate systems and protocols in place that will be in effect by end of day, Thursday, July 22nd.

Until our systems are in place our current Operational Guideline is still in effect. In the meantime, if you receive requests for visits or questions from families, please refer them to your supervisor.

Yours truly

John Hagens, Executive Director
Gail Bassett, Human Resource Manager
